

Hey Zoë,

Sorry for the late response. I have been really busy lately, so I didn't have the time to read your last letter. But now I have. And we're making a hell of progress. Today I'm gonna work like crazy. I have around a million reports to finish before midnight but, I think I'll be fine.

But girl, you're working waaaaay too much. You have to be crazy tired when you get home. Also, how are things with Ricardo? Have you guys already talked about the big subject with capital M?? I'm talking about money, of course. Hun, it's always about the money. No, but seriously. You should talk about that stuff asap. I believe you just had a viewing of the house, that you presumably are going to get. So, talking about the financial stuff should be in order.

Oh side story, Today I took the train to Zwolle, because I had another exam, which I haven't learned shit about. But I also have an hour in the train to prepare for that exam. So I had a plan. The train was still empty when I got on, so I just shouted all the facts that I had to learn out loud, while walking back and forth the entire train. But eventually, after a few stops, the train got rather crowded, but I still kept walking back and forth because it helped me remember everything I needed to know. But apparently everyone thought that I was some kind of weirdo. Can you believe that? I know! That's crazy!

Oooh, I just read the part where you explained you and Ricardo had a nice long walk during sundown. Oh Dude!!!! The hay fever is crazy here!!! Funny word btw, ain't it? Hay fever... haha. No, but tell Ricardo that he isn't the only one suffering. Hay fever sucks, dude. It always makes me feel very gross and disgusting.

And about the stupid stuff. You're right tho. When I'm finally done with this internship, I'm a free man for the next 11 weeks. So many things to do... Unfortunately, not that much patience. I'm getting kinda bored with living this life, so in an attempt to idk, do something, I've accidentally made plans with Maud, Isa, Robena and even Nathalie. I don't even know why, because I'm busy af right now, but oh well... I don't even know what I'm going to do with either of those people. I know Maud, but I haven't seen her in ages, so that will be interesting. Maybe we could go to mams or something? Isa, that just popped up by coincidence. Tbh she does look like the ideal person to just chill with. I asked Robena because I want to destroy her in 8-ball, and Nathalie... well... Okay... I know, that I got Joshuad, but... Yeah idk man, I still kind of want her I guess? Like, I don't even necessarily want to fuck her (seriously), but I just want to hold her? Does that sound weird. I bet it does. When you think too long about it, it sounds kinda creepy too.

Anyway, conclusion... We are definitely going to have a reading date at some point, and watch movies, and eat noodles. There are also a lot of places we should visit. The milkshake bar in Roosendaal, or Molly' Arena in Amsterdam, or the vintage Mac Donald's in Eindhoven, or the Sense parties in Amsterdam and Rotterdam.

Wajowww.... Ricardo drunk?!?! Can't imagine that tbh. You have never seen me drunk either, huh? Sounds like we should have a night at your apartment with 6 bottles of wine. Hehe.

Oh, and I am embodying the dark emo boy persona, atm. My favorite songs right now are misery business from Paramore and welcome to my life from simpleplan.

"Just know that without the bad, the good wouldn't be as good"... Well, then I expect my future significant other to blow me away. I'm not joking.

Damm this letter is long. I'll see you soon!!! Love you! Xx Jer
